Anthony Nolan Eliminates Data Barriers

Achieving Life-saving Outcomes with Alteryx APA™

1

Goal

"**The process took hours and hours each month**—vital time that could help save a person's life—and it was because of this that we decided to embark on a data transformation journey."
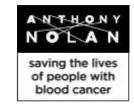

2

Strategy

"With Alteryx automation, the **age groups are categorized in a fraction of the time** with consistently accurate results."

3

Results

"Alteryx gives us the ability to **pull huge datasets from disparate sources and very quickly aggregate** to achieve instant meaning."

4

Next Steps

"Anthony Nolan has made **complementary investments in their** technology infrastructure, bringing together DevOps and DataOps as the heart of innovation at the charity."
