

Ingersoll Rand Automates Multi-million Inventory Control

With Alteryx APA Platform™

1

Goal

"As excel junkies stuck in a labor-intensive loop, so **we knew there had to be a better way.**"

2

Strategy

"We used Alteryx to **automate the manual process of problem-solving** root causes of over/under ordering."

3

Results

"My team received a **President's Award for Growth and Innovation** for the impact our analytics, dashboards, and automation have had on the business."

4

Next Steps

"We're beginning to **dabble in predictive and prescriptive assisted modeling** within Alteryx, so, I'm excited to see what that uncovers,"
