OVER 2,000 HOURS SAVED IN MANUAL EFFORT

## 1 GOAL

“We needed a solution that could **automate our data migration and transformation processes** in an easy and repeatable way.”

## 2 STRATEGY

“We used Alteryx to help us develop a repeatable data migration process that made my team’s lives much easier.”

## 3 RESULTS

“If we quantified savings from all of our Alteryx workflows that were developed, we have easily generated savings of **over 2,000 hours of manual effort to date.**”

## 4 NEXT STEPS

“The data we are working with is huge across the organization, so it will be important to use that culture of analytics we are slowly but surely creating here.”
